

Bridgette DeCoste
Ontario Seed Company Limited
77 Wellington Street South
Kitchener, ON N2G 2E6

April 17, 2020

Dear Bridgette :

Please find enclosed an organic product certificate for your operation as a “Processor”. This certificate replaces the Packaging and Labelling certificate that you previously held from CSI.

We have changed the type of certification issued to your operation due to changes in interpretation on the part of CFIA of the “family of certificates”. The only difference for your operation will be that the processor certificate does not carry an expiry date; it remains valid until it is suspended or cancelled. You are still required to undergo an inspection on a 12-month cycle.

If you have any questions or concerns, please do not hesitate to contact either myself at jscott@csi-ics.com or Shelly Rowsell – Operations Manager at srowsell@csi-ics.com, or call the office to speak to Shelly at 1-800-516-3300.

Sincerely,

Jennifer Scott
Organic Program Manager

CSI
Centre for Systems Integration

Certificate Number: 6038-PRO-19

Initial Effective Date: 19-Mar-2010

*Date by which the operator shall submit
application for subsequent annual inspection:*
1-Aug-2020

Organic Processor Certificate

*Pursuant to the Safe Food for Canadians Regulations (SFCR) Part 13
this certification is based on compliance with the national organic standards of Canada
CAN/CGSB-32.310 and 32.311. The list accompanying this certificate designates compliance with
these standards and other organic equivalency arrangements as applicable.*

This certification remains in effect until the operator is suspended or cancelled by the
Centre for Systems Integration, pursuant to the SFCR Part 13.

CSI is accredited by CFIA to provide organic certification under the Canada Organic Regime (COR) and its associated equivalency arrangements with the NOP, the EU, JAS and others. The organic products included in this list have been verified to meet the requirements of COR and applicable equivalency arrangements. Please note that a product certified to COR must have been produced in Canada for JAS equivalence; or produced or processed in Canada for EU equivalence.
