ORGANIC VEGETABLE SEED TAPES

*These easy to use, 2 metre
length seed tapes take the
bite out of thinning the garden
and save time.*

**Organic gardening
just got a whole lot
easier!**

Description	Quantity
<p>CARROT RED CORED CHANTENAY 72 Days to Harvest. Orange-scarlet roots are smooth, even-shaped, full of essential vitamins and they are an excellent source of dietary fiber. <i>Aimers #4210</i></p>	
<p>KALE SIBERIAN 70 Days to Harvest. One of the most ornamental kales you'll ever grow. Packed with tightly curled rich, blue- green leaves that are full of vitamins and antioxidants. <i>Aimers #4211</i></p>	
<p>MESCLUN FRENCH SALAD MIX 45-50 Days to Harvest. An enticing combination of tastes and flavours that appeals to any palate. In true French fashion it's a mix of tender salad greens and herbs. <i>Aimers #4212</i></p>	
<p>ONION WHITE LISBON BUNCHING 65 Days to Harvest. A hardy, mildly flavoured, fast growing spring onion or scallion that does not produce the "traditional bulb". Thin skinned, green tops are perfect for salads and stir fries. <i>Aimers #4213</i></p>	
<p>PARSLEY MOSS CURLED 70 Days to Harvest. Very dense, deeply cut and tightly curled parsley with a very aromatic flavor. A delightful garnish for soups, salads or stews. <i>Aimers #4214</i></p>	
<p>RADISH SPARKLER 23 Days to Harvest. A beautiful round radish. The top half is a fine scarlet colour with a rosy edge bordering a pure white bottom half. <i>Aimers #4215</i></p>
